PROFILE

Entry-level IT professional with hands-on experience in Linux systems, networking, Python scripting, and infrastructure monitoring through self-hosted lab environments and Raspberry Pi automation projects. Built monitoring systems using Grafana, Prometheus, Flask, and SSH-based remote administration. Background in robotics and industrial troubleshooting with strong hardware and diagnostic skills. Seeking an IT Support, Help Desk, or Junior Infrastructure role.

TECHNICAL PROJECTS

Raspberry Pi Monitoring & Automation System

Built Linux-based environmental monitoring system using Raspberry Pi, Python, Flask, Prometheus, and Grafana

Configured SSH remote administration, automation scripts, and sensor logging/alerting

Linux Homelab & Networking

Managed Linux systems for scripting, package management, and troubleshooting

Configured VPN connectivity and remote administration tools

Used Bash and Python scripting for automation tasks

Practiced networking concepts including TCP/IP, SSH, and firewall configuration

Frontend & Cloud Projects

Built responsive web projects using React, Tailwind CSS, and Vite

Deployed projects using GitHub and Cloudflare Pages

Experimented with Flutter widgets integrating live monitoring data

EMPLOYMENT HISTORY

Automation and Robotics Technician at Lippert, Goshen, Indiana

Oct 2024 — Feb 2026

Diagnosed and resolved hardware, automation, and system issues in industrial robotics environments

Installed and configured robotics hardware and automation systems

Collaborated with engineers on robotic system design.

Programmed automation software for process improvement.

Performed troubleshooting and root-cause analysis for robotic and control system failures

Head of Production at O3 Solutions, Huntertown, Indiana

Jul 2007 — Oct 2024

Designed and optimized industrial control panels and automation systems

Programmed PLC systems and created technical documentation using AutoCAD

Diagnosed electrical and production system issues to improve operational efficiency

EDUCATION

Google Cybersecurity Certificate, Coursera

Apr 2024 — Oct 2024

Certification in Drafting, Penn Foster

May 2020

Tech+ (In progress), CompTIA

Feb 2025
